

Jacket S Pro

Strong like a Lion

Jacket S Pro is a multi-purpose high-fidelity microphone with variable directionality technology, allowing you to easily change your recording direction.

It features Eco mode, integrated shock mount and durable table stand, and provides microphone gain control and zero-latency headphone monitoring. It's a high-class full metal acoustic microphone, offering warm, rich and super clear audio recording quality sound. Like the users said, that the sound quality is incredibly good. With the fancy RGB function, you can switch between 5 available colors to match with your style, and just 1 button click to mute the microphone when needed.

It has all the features to take you to the next level.
