

# UM12 RGB Pro

## Fancy RGB Pro USB microphone

UM12 RGB Pro is a Fancy RGB starter kit with gain control, touch mute and RGB color switch. The gain control button allows you to adjust the input volume. The cardioid polar pattern focuses on sound pickup in front of the mic and isolates background noise from the sides and rear. It coupled with the convenient 1.8m USB cable, optimal for live streaming, gaming, video conferencing, and recording songs, online chat and podcast.

The kit provides everything you need for your workflow.

### Technical data

Product size	50x20x150mm
