

MC10

Small Pencil Condenser Mic Pair with interchangeable Omni Capsules

MC10 is 2-Pack Pencil Stick Condenser Microphone with Interchangeable Omni Capsules, Foam Windscreens, Mic Clip and Portable Carrying Case for Acoustic Woodwind Instruments. It includes two pairs of interchangeable capsule (Omni and Cardioid), giving flexibility to an already outstanding microphone set. Simply unscrew the installed cardioid capsules and replace them with the included omnidirectional set, ensuring that you are always ready to capture perfect, natural acoustics, instantly.

With its bright, clean sound, it is widely used for recording studio vocals, acoustic, instruments(strings, guitars, drums, horns), orchestras and choral groups, ambient instrument audio, and many live sound applications.

Technical data

Product size	132x20x20mm
Product weight	470g
Material	Engineered Metal Alloy
Polar Pattern	Cardioid and Omnidirectional
Capsule	16mm Condenser
Connector(into mic)	3-pin XLR
Sensitivity	-38db +/- 2dB(0dB=1V/Pa at 1kHz)
Max SPL	135dB(@1kHz ≤ 1% T.H.D.)
Frequency Response	30-18,000Hz
Signal to Noise Ratio	80dB
Output Impedance	100Ω±30% (at 1 kHz)
Power requirement	48V Phantom Power
Application	studio vocals, acoustic, instruments, strings, horns, orchestras and choral groups, ambient instrument audio

Packing data

Unit packing size	270x190x80mm
Unit packing weight	718g
Qty/ctn	10pcs
G.W/ctn	8kgs
Shipping carton size	42.5x28.6x40.2cm
Loading(20"/40"GP/40"HQ)	5715pcs/11837pcs/13470pcs
