

LR80

Truly Ribbon Microphone with Shock Mount

LR80 is a classic ribbon microphone with a figure 8 polar pattern and high maximum SPL. One of the first truly effective microphone designs. Ribbon mics are revered and sought after for their incredibly detailed and natural sound. It comes with modern specs, making it ideal for a much larger number of sound sources, including electric guitar cabinets, drums, brass and woodwinds, and more.

Technical data

Product size	210x57x48mm
Product weight	703g
Material	Engineered Metal Alloy
Mic Type	Ribbon
Polar Pattern	Figure 8
Capsule	4um ribbon
Connector(into mic)	3-pin XLR
Sensitivity	-32db +/- 2dB(0dB=1V/Pa at 1kHz)
Max SPL	135dB
SN Ration	80dB
Frequency Response	20-18kHz
Output Impedance	150Ω±30% (at 1 kHz)
Loading Impedance	≥ 1000Ω
Power requirement	48V Phantom Power
Low-cut Filter	0dB or -10dB
Application	Vocals, Instruments

Packing data

Unit packing size	270x240x120mm
Unit packing weight	1505g
Qty/ctn	8pcs
G.W/ctn	12.8kgs
Shipping carton size	50x28.5x49cm
Loading(20"/40"GP/40"H	3200pcs/6630pcs/7540pcs
